\* A.R.S. §4-205.09 permits a microbrewery (series 3) and farm winery (series 13) to be located on the same parcel of land, in separate building structures, and held by different ownership. Therefore, these two licenses (3 and 13) are “stacked” only by proximity, not by ownership

\* \* A.R.S. §4-205.04(D) and (E) permit custom crush and alternating proprietorship agreements. Each entity must be licensed as a series 13 to participate in either arrangement, therefore operating more than one series 13 at one licensed location simultaneously.

\*\*\* ARS 4-205.12 Remote Tasting Rooms with Shared Patios. Each remote tasting room must be held by a different person, but can share a common tasting room. They must have their own area in which the license is stored and served.
